MESSAGE FROM THE DIRECTOR – CAMPUS LIFE

Welcome Back, Returning Students!

Dear Returning Students,

It gives me great pleasure, on behalf of the Campus Life Directorate, to warmly welcome you back to campus for the new academic year.

As you return to continue your studies, I encourage you to approach the academic year with renewed commitment, discipline and a positive mindset. University life is not only about academic achievement; it is also about personal growth, responsible citizenship, leadership, innovation and building meaningful relationships.

The Campus Life Directorate remains committed to creating a safe, inclusive and vibrant campus environment in which every student can learn, participate, thrive and realise their full potential. We encourage you to make full use of the academic, sporting, recreational, counselling and other student-support opportunities available to you.

I also urge you to uphold the values of respect, integrity, responsibility and excellence in all your interactions, and to familiarise yourselves with university policies and regulations.

Welcome back to campus. Let us make this academic year one of growth, achievement and memorable experiences.

I wish you all a successful and fulfilling academic year.

Mr J Mpofu

Director – Campus Life
